Academic year (2020 – 2021)

Worksheet

---

Class: **VI - ENGLISH**

Day – **22**

Date: **26.04.2020**

**Given below is an unfinished story. Complete the same, in not less than 80 words, write in form of paragraphs. Also, provide a suitable title and write a moral for the story.**

Once, a stag who came to a river to drink water noticed his own reflection in it. “What lovely horns I have!” he said with great pride. But the sight of his thin and ugly legs filled him with hatred..... ..

**Note:**

**You can also draw according to the scene and be creative.**

Class: **VI – HINDI**

Day – 22

Date: 26.04.2020

1. जल संरक्षण पर 6 नारे लिखिए ।

जैसे- जल ही जीवन है ।

11. स्वच्छता पर 6 नारे लिखिए ।

जैसे- एक कदम स्वच्छता की ओर ।

Class: VI - MATHEMATICS

Day – 22

Date: 26.04.2020

## TESTS FOR DIVISIBILITY OF NUMBERS

➤ **Learn the given divisibility rules.**

- **Divisibility by 2:** - If a number has any of the digits 0, 2, 4, 6 or 8 in its one's place, then it is divisible by 2, that means all the even numbers are divisible by 2.

**Example: 238**, 238 has 8 in its one's place, so 238 is divisible by 2.

(by doing actual division you will get a remainder as 0)

- **Divisibility by 10:** - If a number has 0 in its one's place, then the number is divisible by 10.

**Examples:** 20, 50, 340, 56780.....

The above numbers have '0' in their one's place. So those numbers are divisible by 10.

(by doing actual division you will get a remainder as 0)

- **Divisibility by 5:** - If a number has either '0' or '5' in its one's place, then the number is divisible by 5.

**Examples:** 25, 50, 670, 3485.....

The numbers 50 and 670 have '0' in their one's place. So those numbers are divisible by 5.

The numbers 25 and 3485 have '5' in their one's place. So those numbers are divisible by 5.

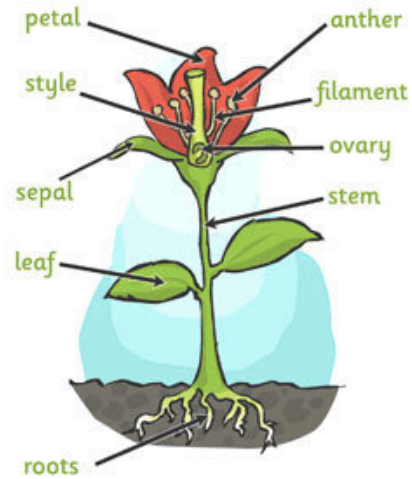

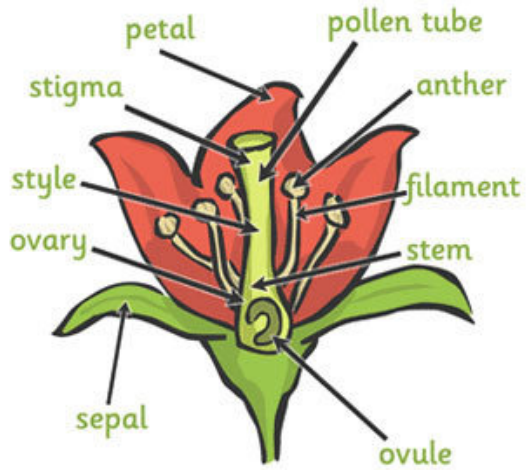

(by doing actual division you will get a remainder as 0)

➤ **By using above divisibility tests, determine which of the following numbers are divisible by 2; by 5; by 10:**

- a) 990      b) 564      c) 785      d) 902      e) 657

**GETTING TO KNOW PLANTS**

Parts of the flower:

Draw the diagram and label the parts.

## Worksheet

Class: **VI – SOCIAL SCIENCE**

Day – **22**

Date: **26.04.2020**

I. Read the following passage and answer the given Questions

The Chinese developed the art of printing about 1500 years ago. They did block printing. They used blocks of wood and cut designs on them applied ink and then pressed them on paper. They printed books using this method. It was time taken and difficult method.

In 1443, Johannes Gutenberg of Germany invented the printing press. The first book printed in Gutenberg's printing press was the Bible.

Answer the following questions

1. Who developed the art of printing and when?

Ans-

2. What method was used to print books?

Ans-

3. who invented printing press? In which year it was Invented?

Ans-

4. Was it easy to print?

Ans-

5. Which was the first book printed in his press?

**John Gutenberg**

**printing Machine**
