Preposition

A preposition is a word used to link nouns, pronouns, or phrases to other words within a sentence. They act to connect the people, objects, time and locations of a sentence. Prepositions are usually short words, and they are normally placed directly in front of nouns. In some cases, you'll find prepositions in front of gerund verbs.

Example:

- I am going to Canada.
- Alex threw a stone into the pond.
- The present is inside the box.

Complete the following sentences with the correct preposition using the help box given below.
