DIARY ENTRY

Today you visited a zoo which made you sad about the plight of the caged animals. So you decided to write a diary entry about your feelings. Write the diary entry in about 80-100 words about your feelings.

Thursday, 16, April 2020

9.00 PM

Dear Diary

Today our class teacher took us to a zoo. I was quite excited about the trip because I love animals. However, it turned out to be one of the saddest experiences of my life.

We saw many birds and animals in the zoo. Alas! They didn't look happy in their cages. There were colourful parrots and birds. They looked sad in their small enclosures. I am sure they miss the blue skies. The plight of the lion, tiger and leopard was not much better either. They were kept inside tiny cages. They are well-fed and they also receive medical attention whenever they show signs of illness. Yet, they looked tired and unhealthy. I guess that is a result of their sedentary life. They get absolutely no opportunities to walk or run. They pace their small cages up and down looking restive and angry.

I am not saying that zoos are bad. They do protect many endangered species. Still it hurts me to see wild animals caged for our entertainment. I know I can't do anything for them but I can't help feeling bad for them. I don't think I will visit a zoo again.

Ameya

EXERCISE: You won the first prize in interschool debate on 'Environment Pollution'. Write a diary entry about your feelings in about 80 to 100 words.

अनुच्छेद

मनुष्य ने अपने स्वार्थ के लिए पेड़ों की अन्धाधुंध कटाई की है। जिस कारण पर्यावरण असंतुलित हो गया है। प्रदूषण भी इस असंतुलन का मुख्य कारण है।

आइए जानते हैं, प्रदूषण है क्या ?

जब वायु, जल, मृदा आदि में अवांछनीय तत्व घुलकर उसे इस हद तक गंदा कर देते हैं, कि स्वास्थ्य पर प्रतिकूल असर डालने लगे तो उसे प्रदूषण कहते हैं। प्रदूषण से प्राकृतिक असंतुलन पैदा होता है। साथ ही यह मानव जीवन के लिए भी खतरे की घंटी है।

मनुष्य की यह जिम्मेदारी बनती है कि उसने जितनी नासमझी से प्राकृतिक संसाधनों का दोहन कर पर्यावरण को नुकसान पहुँचाया है, अब उतनी ही समझदारी से प्रदूषण की समस्या को सुलझाये। वनों की अन्धाधुंध कटाई भी प्रदूषण के कारको में शामिल है। अधिक से अधिक वृक्षारोपण कर इस पर काबू पाया जा सकता है। इसी तरह कई उपाय हैं, जिन्हें अपनाकर प्रदूषण कम करने के प्रयास किए जा सकते हैं।

भोपाल गैस त्रासदी अमेरिकी कंपनी यूनियन कार्बाइड कारखाने में कीटनाशक रसायन को बनाने के लिए मिक् गैस का उत्पादन होता था। इस गैस संयंत्र के कारखाने में 2-3 दिसंबर 1984 को जहरीली मिक् गैस(मिथाइल आइसो सायनाइड) के रिसाव के कारण कुछ ही घंटों में करीबन 2500 लोगों की जान चली गयी थी। और हजारों घायल हुए थे। हजारों जानवरों की मृत्यु हो गयी थी। इस घटना को भोपाल गैस त्रासदी के नाम से जाना जाता है।

इस घटना की चर्चा यहाँ इसलिए की, क्योंकि यह औद्योगिकीकरण के कारण हुए प्रदूषण का उदाहरण है। इतना ही नहीं, 6 से 9 अगस्त, 1945 में जापान के हिरोशिमा और नागासाकी में किए गए एटॉमिक बम अटैक के कारण हुए भयंकर परिणाम से पूरी दुनिया वाकिफ है। उसके कारण हुए वायु-प्रदूषण से जापान आज तक उबर नहीं पाया है। अटैक के कारण विनाशकारी गैसों सम्पूर्ण वायु-मंडल में समा गयी थी।

वैज्ञानिकों की माने तो औद्योगिकीकरण के नाम पर बीते 100 सालों में 36 लाख टन कार्बन डाइऑक्साइड वायुमंडल में छोड़ी गयी है, जिस कारण हमारी पृथ्वी का तापमान बढ़ा है। और तो और मौसम में तब्दीलियां भी इसी कारण हो रही हैं, जैसे अत्यधिक गर्मी, बाढ़, सूखा, अम्लीय वर्षा, बर्फ का पिघलना, समुद्र के जल-स्तर में वृद्धि होना आदि। अकेले अमेरिका विश्व का लगभग 21% कार्बन वायुमंडल में उत्सर्जित करता है।

Q1. इस अनुच्छेद पढ़ कर आप दस प्रश्न तैयार कीजिए ?

Worksheet

Class: VII - TELUGU

Day – 29

Date: 03.05.2020

I. క్రింది గేయం చదివి, క్రిందిప్రశ్నలకు జవాబులు రాయండి.

నాటవోయి ఒక చిన్న మొక్కను
అది అందించునోయ్ ఫలములేన్నడు
తరువు లేని బ్రతుకు హీనము
తలచుకుంటే బ్రతుకు భారము
ఏమగునోయి జీవన చిత్రము
పెంచవోయి బడిలోన ఒక్క మొక్కను
పెంచవోయి మొక్కలెన్నడు
నరకబోకు ఎప్పుడైనను
మొక్కలేని జగతియందు
తరుగునోయి వానలెప్పుడు
ప్రకృతియంత పచ్చగ నుండగ
ప్రజలంతా హాయిగా నుండగ
జంతు, జాలమంత సౌఖ్యముండగ
పచ్చని చెట్లతో జగతి నింపుము || నాటవోయి ||

ప్రశ్నలు:

1. మొక్కలుమనకు ఏ విధంగా ఉపయోగపడతాయి?
2. చెట్లను నరికితే ఏమి జరుగుతుంది?
3. ప్రకృతి పచ్చగా ఉంటే ఏమగును?
4. తరువు అనగా అర్థం?
5. తరువు లేని బ్రతుకు _____ .

SYMMETRY

1. List out any four symmetrical objects in your home?
2. Can you draw a **triangle** which has,
 - a) Exactly one line of symmetry?
 - b) Exactly two lines of symmetry?
 - c) Exactly three lines of symmetry?
 - d) Exactly no line of symmetry?

Sketch a rough figure in each case.

3. Write the English alphabet which have,
 - a) Only one line of symmetry.
 - b) Only two lines of symmetry.
 - c) More than two lines of symmetry.
 - d) No line of symmetry.

I. Read the passage and answer the following question

Carbon dioxide released in the atmosphere creates a green house effect by trapping the heat radiated from the earth. It is therefore called a green house gas and without it the earth would have been too cold to live in, when the level of atmosphere increased due to factory smoke or vehicles smoke, the heat retained increases the temperature of the earth. This is called global warming

1. How can you control the global warming which is a threat to the environment?
