Website: www.srivamshidharhighschool.com

Dear Parent,

Seasonal Greetings..

We are happy to inform you that the academic programme is going on well and it is on par with the micro schedules. As we have planned to conduct the midterm examinations after dusshera vacation, it is a challenge for both teachers and parents to make the children to work independently and prepare well during vacation. Therefore all our school teachers strived hard to make the minds of the children to develop self-discipline and build self-confidence to prepare well on their own. We have asked all the students to take a challenge to get good grades this time to show the progress in their progress reports and to see the great smile on the faces of all their parents.

Of course, everyone has a different plans during vacation to have fun. But as it is long vacation we are giving the home fun to have continuous touch with their regular academics. Therefore we request all the parents to support their children in completing their home fun cum revision for midterm examinations which are going to start immediately after vacation. Please find the time-table, syllabus and ensure that your child finishes the given work in the vacation without fail. Here we are expecting required support from parents in completing the given task to our children.

We hope that you will extend your co-operation in the Mid Term Examinations.

Thank you very much...

With regards..

Principal, SVHS
